Introducing our 18th Annual Global Impact Celebration and theme, 'HOME'.

Home. One word, so shared yet so varied. Home carries memories of the changing seasons of life. Although physical homes may be different, our hearts are brought together through the One in whom we all reside.

"Lord, you have been our dwelling place throughout all generations." (Psalm 90:1)

In the Lord, we find a home like no other. He is our setting and center for intimacy, growth, and purpose.

Within the locale of His love, we are created and commissioned to extend His home to the edges of the world.

When Jesus makes a home in our hearts, transformation ripples through -- into Regina, across Canada, and for the nations.

As our Lord described: *"My Father's house has many rooms; if that were not so, would I have told you that I am going there to prepare a place for you?" (John 14:2)*

As Jesus prepares us room, the calls echoes through the halls of His home. Enlarge your heart, and lend your hand.

There are spaces to be readied for others to enter the Father's love through our lives.

Let every heart prepare Him room. And let every citizen of heaven make space.

Home is a small word, but an expansive and expanding joy. It's time to ready the room.

This year we have vibrant worship, partners and special guests joining us in person, as well as video updates and testimonies from those who cannot physically be with us...not to mention interactive events all weekend for kids!

We are expectant of an incredible experience where our hearts will be stirred and rooms will be readied!

See you there, Pastor Joel & Angela Wells
